About AIRSTREAM®

Exacting craftsmanship. Uncompromising attention to detail. Limitless inspiration for adventure.

There is no denying that Airstream is the world's most iconic travel trailer for a reason. Durable, reliable, and built upon nearly 90 years of innovation, Airstream travel trailers helped write the American travel story. We've crisscrossed the globe, parked at the foot of the Pyramids, explored the National Parks, and camped for the weekend down the road.

Proudly built by hand in Jackson Center, Ohio, USA by hundreds of talented craftspeople, each Airstream travel trailer takes approximately 350 hours to build. Form and function are tightly woven into every thoughtfully-planned inch, and every design is carefully considered. The result is a travel trailer that will last a lifetime – or more.

While we manufacture every Airstream from the wheels up, we like to say that we don't actually build travel trailers. Instead, we build someone's retirement, their well-deserved vacation, or their retreat from a hectic day.

In other words: Airstream builds dreams come true.
